Commercial & Industrial Advanced Lighting Program

Purpose

The Commercial & Industrial Advanced Lighting Program is an energy efficiency program that encourages commercial and industrial members to install high efficiency lamps and ballasts in their facilities.

Availability

This program is available to commercial and industrial facilities located in all service territory served by Shelby Energy Cooperative, Inc.

Eligibility

To qualify for the Commercial & Industrial Advanced Lighting Program the member must be on a retail commercial or industrial rate. The business must have been in operations for at least two years prior to January 1, 2011, and be current on its power bill payment. No empty buildings, inactive warehouses, or inactive storage areas shall qualify. The business must be open or have its normal lighting load on for at least 50 hours per week. Retrofits of parking lot lighting, provided on photocell control, are eligible.

Rebate

Shelby Energy Cooperative, Inc. will provide an incentive to the member of \$213 for each kW of lighting load reduction for businesses open 50 hours a week or more. For commercial members, rebates are limited to \$6,000 for any facility. For industrial members, rebates are limited to \$12,000 for any facility.

Term

The Commercial & Industrial Advanced Lighting Program is an ongoing program.

Verification Procedure

Qualifying lighting must be identified or documented by Shelby Energy Cooperative, Inc. and/or Envision Services prior to retrofitting. After the customer completes the retrofit, Shelby Energy Cooperative, Inc. staff must verify the installed lighting retrofit. Demand and energy savings will be calculated based on lighting information gathered during the visits. Shelby Energy Cooperative, Inc. will utilize the manufacturer's lighting fixture specifications and known measurements to calculate the savings; rebates under this tariff will be paid after these verification procedures are complete.
